FAIR CONTRACTOR LIST

*The employees and owners of these firms are the major stakeholders of the **Manitoba Construction Industry** and provide our province with the highly skilled, and qualified men and women needed to complete construction projects in a safe and timely manner.*

*It is through their business ethics and integrity our province is able to sustain valuable programs such as the apprenticeship system, compensation fund, health and safety services, tax system, licenses branch, permit and fee departments, etc. It is the transparent nature in which these **Fair Contractors** and their employees conduct their business that creates fairness and equity to the many programs enjoyed by all participants of the construction industry.*

*Our organization is committed to assisting our **Fair Contractors** in meeting their human resource needs when providing construction services for clients and owners within the Province of Manitoba.*

David Martin

*Executive Director
Manitoba Building Trades*

The Manitoba Building Trades

We effectively influence events in the construction industry
and with government
to the betterment of the members of our
affiliated organizations.

We strive to ensure the construction workplace is safe,
people are well trained, compensation for services is fair,
we are allowed dignity in retirement
and health care services are provided to our members and families.

Build a better Manitoba...Build Union
